About ARTS

The Romanian Association for Security Technique – ARTS - is an apolitical, non-governmental and non profit organization that promotes and protects the interests of its members, ensuring their representation in dealings with public authorities, other associations, various institutions and national and international bodies.

Founded in January 2003, ARTS represents over 100 companies within the fire safety and security industry, valued at 500 million Euros. ARTS members are individual companies, representative offices of foreign companies in Romania and sympathetic members.

Leading by an experienced and impartial managing team, ARTS assure the connection between its members and their relations with the public authorities, other associations and various institutes and organizations. Our mission is to influence the positive growth of the security concept and the interests of the companies serving the security market.

Through its members, ARTS is a guarantor of free and fair competition, of quality and reliability specialists in security benefits. ARTS has an active presence on security technique field and invites everyone interested to maintain and develop this sphere of activity to join us and define together our target:

The Art of living safely!
